Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	272,855	659,827	822,109
Water (kL)	4,297	3,788	4,335

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Student destinations

The Queensland Department of Education conducts [annual surveys](#) that capture information about the journey of early school leavers and Year 12 leavers from school to further study and employment.

Early school leavers

The destinations of young people who left this school in Year 10, 11 or before completing Year 12 are described below.

Schools work closely with a range of external agencies to support students who left school early.

Our Principal, Deputy Principal, Regional Transitions Officer or Guidance Officer liaises with early school leavers and their parents, providing a service 'beyond the school gate' to assist early leavers make a successful transition to other educational pursuits or employment.

Next Step — Post-school destinations

The results of the 2020 Next Step post-school destinations survey, *Next Step – Post-School Destinations* report (information about students who completed Year 12 in 2019), will be uploaded to this school's website in September 2020.

To maintain privacy and confidentiality of individuals, schools with fewer than five responses will not have a report available.

This school's report will be available at <https://heatleysc.eq.edu.au>.
